SUMMARY

ISTQB CT-AI and CTFL Certified QA Automation Lead with 12+ years of experience across Human Capital Management, Airlines, Banking, and Telecom domains. Currently leading AI-assisted quality engineering initiatives at **Aon, Hamburg**. Expertise in **Playwright, Selenium, API automation, AI agents, LLM-driven workflows**, and **CI/CD** pipelines. Proven track record of reducing manual effort by 85% through scalable automation solutions and delivering high-quality software in Agile environments. **Open to relocation**.

SKILLS

Technical Skills

AI Automation: AI Agents, LLM Workflows, MCP Servers, GitHub Copilot, Prompt Engineering, Generative AI, AI-Assisted Testing

Cloud & DevOps: GitHub Copilot, Docker, CI/CD, Azure DevOps Pipelines

Testing Expertise: Functional, Regression, Smoke, Sanity, Exploratory, Integration, End-to-End Testing, UAT.

Frameworks: Playwright, Selenium WebDriver, TestNG, Pytest, BDD Cucumber, POM, AI Assisted Hybrid Framework Design.

Programming: Java, Python, JavaScript, TypeScript, SQL

API & Database Testing: REST API Testing, Rest Assured, Postman, JSON, MySQL, Data Validation.

Test Management: Test Strategy, Test Planning, Test Case Design, Defect Management, Jira, Confluence, Release Management Methodologies & Standards: Agile Scrum, SDLC, STLC, ISO/IEC 25010, ISO/IEC 29119, GDPR, PCI-DSS.

Leadership: QA Governance, Release Gatekeeping, Stakeholder Management, Cross-Team Collaboration, Mentoring & Technical Leadership.

Soft Skills: Problem Solving, Analytical Thinking, Cross-Team Collaboration, Stakeholder Communication, Mentoring & Leadership.

EXPERIENCE

QA Lead | Digits Global Services GmbH | Aon

November 2025 - Present

- Spearheaded quality assurance for the MapTQ assessment platform by leading a team of **9 QA engineers**, reducing production defects by **35%** and improving release quality.
- Built and integrated **AI-powered QA solutions**, leveraging **GitHub Copilot, MCP servers, LLMs, and custom AI agents** to accelerate test generation, validation, and defect analysis, reducing manual effort by **85%**.
- Architected a scalable **Playwright + JavaScript/Python automation framework** from scratch, achieving **80% automated regression coverage** and increasing release confidence.
- Applied **Prompt Engineering** and **LLM-assisted workflows** to improve test case creation, debugging efficiency, and productivity across QA activities.
- Established and maintained **Azure DevOps CI/CD pipelines** and automated multi-region regression suites across **EU, USA, and China**, reducing testing cycles by **50%**, minimizing release delays by **30%**, and ensuring consistent quality across global deployments.
- Defined **QA governance, release gates, estimations, and quality metrics**, while collaborating with developers, product managers, and stakeholders to strengthen **Agile Scrum practices**, improve testability and defect prevention, and increase sprint predictability and delivery efficiency by **25%**.
- Mentored QA engineers on **Playwright, AI-assisted testing, framework design, and coding best practices**, strengthening team productivity and maintainability.

QA Lead | Cigniti Technologies (A Coforge Company)

February 2023 - February 2025

- Performed **end-to-end manual and automation testing** of **British Airways'** web and backend systems, improving release reliability by **50%**.
- Defined **test strategy, scope, and coverage** for critical airline modules, detecting **90% of integration issues pre-production**.

- Created detailed **test cases, test plans, and traceability matrices**, aligning with **ISO/IEC 29119 standards**.
- Conducted **defect tracking** in **Jira**, ensured **cross-team collaboration**, and improved defect resolution speed by **25%**.
- Mentored a **QA team of 6**, improving productivity and adherence to testing best practices by **25%**.

QA Lead | Virtusa

January 2019 - January 2023

- Defined **manual and automation testing strategies** for **Northern Trust banking systems**, increasing **test coverage by 35%**.
- Executed **functional, regression, and exploratory testing** for web applications, ensuring **PCI-DSS and GDPR** compliance.
- Created **test documentation, test scenarios, and test reports** following **ISTQB and ISO/IEC 25010** quality metrics.
- Utilized **Jira and Confluence** for requirement mapping, bug tracking, and test progress reporting.
- Collaborated closely with cross-functional Agile teams to maintain continuous **QA process improvement**.

Automation Test Engineer | Amdocs

April 2017 - July 2018

- Designed and executed **100+ UI and API test cases** for AT&T telecom applications using **Selenium, SoapUI, and Postman**.
- Conducted regression, smoke, and sanity tests in integration environments, ensuring a **95% test pass rate**.
- Generated customized test reports aligned with IEEE 829 standards, **reducing defects in production by 20%**.

Software Tester | Wipro

July 2013 - April 2017

- Developed **150+ Selenium scripts** for **HSBC core banking** workflows, expanding regression coverage by **60%**.
- Automated **data-driven testing** using **Selenium, Java, and SQL**, saving **8 man-days per release cycle**.
- Ensured compliance with **GDPR and PCI-DSS** during test execution and data validation.
- Created **custom JSON parsers** and **SQL validation scripts**, improving data accuracy in test environments.

QA Automation Trainer | Freelance / ICT Trainer | Freelancing

March 2025 - October 2025

- Designed and delivered 30+ training programs on Automation Testing, API Testing, and QA frameworks, conducting over 1,000 live sessions.
- Mentored 1,100+ learners and professionals, enabling an 80% success rate in transitioning to QA Automation careers.
- Developed reusable automation frameworks and GitHub resources, improving practical learning outcomes and boosting automation proficiency by 90%.
- Partnered with corporate QA teams to provide framework consulting, CI/CD guidance, and best practices, increasing onboarding efficiency by 75% and test effectiveness by 40%.

EDUCATION

Bachelor Of Technology | SASTRA University

Thanjavur | India, 2013
